

Continue Learning Over the Summer!

Read for at least 20 minutes a day.

Research shows that when students read for 20 minutes a day:

- They will hear 1,800,000 words per year
- Read 851 hours by 6th grade
- Will likely score better than 90% of peers on standardized tests

Reading can also:

- Promote language and brain development
- Help the brain make connections between the written and spoken word which will widen vocabulary.
- Strengthen family relationships when the experience is shared by the entire family.

Our school community would like to support you with some reading resources that are available to you over the summer.
